

Prashant Khadke, PhD

VICE PRESIDENT COMMERCIAL OPERATIONS AND MANAGING DIRECTOR, HEMEXDX

Prashant Khadke, PhD, has over 17 years of experience in business management in the fields of healthcare, clinical diagnostics, and life sciences. He was a Field Application Scientist and Business Development Manager for ThermoFischer, a Product Marketing Manager for Bio-Rad Laboratories, and National Sales Manager for Illumina where he led the team to \$34M in sales. He introduced breakthrough technologies to India in a number of these roles. As an Associate Professor, he taught biotechnology courses in India.

Prashant has experience in clinical applications of next generation sequencing, sickle cell and thalassemia testing, digital PCR and real time PCR, DNA sequencing, and electrophoresis. He earned his PhD and MSc in Molecular Genetics in India, and then completed his post-doctoral fellowship on Comparative Genomics at the University of Georgia in the USA. He currently lives in Navi Mumbai.
